

Quality, Health & Safety and Environmental QHSE Policy

Alba Power is engaged in the repair and overhaul of industrial gas turbines, marine turbines and power turbines, including field repair and maintenance, full load test, the provision of associated spares and design and development activities for engine control systems.

Alba Power are dedicated to satisfying our customers' requirements by providing a quality service which prevents harm to people or the environment and have integrated a QHSE framework of performance standards and documented processes upon which we operate.

We are committed to:

- Meeting specified customer requirements to ensure continuous customer satisfaction.
- Conducting our operations in a safe manner, to protect and improve the health, safety and security of our people.
- Delivering a high-quality, safe service with minimum impact to our environment, in accordance with applicable legislation, codes and standards.
- Engaging with our employees to set and meet QHSE performance objectives and continually improve quality, processes and services.
- Providing adequate resources to ensure we meet our business objectives.
- Developing the competency of our personnel to ensure the quality and safe delivery of our services.
- Eliminating non-conformances, accidents and incidents.
- Consulting and engaging with our employees on all health & safety matters and promoting a positive safety culture.
- Minimising our impact on the environment through pollution prevention, reduction of natural resource consumption and emissions, and the reduction and recycling of waste.
- Co-operate with other stakeholders and interested parties on all matters of QHSE requirements.
- Managing and supporting our supply chain to ensure effective supply whilst maintaining the integrity and respect for human and labour rights and goods.
- Ensuring the confidentiality and protection of all customer, company and employee information.
- Ensuring our employees, customers, contractors and visitors are aware of their statutory responsibilities to take reasonable care of themselves and the environment.

This QHSE Policy shall be regularly reviewed to ensure ongoing suitability. Our Management Team are responsible for the organisation and arrangements to meet this QHSE Policy.

This policy shall extend to all work undertaken by, or on behalf of, Alba Power Ltd.

 (Signed) 29/06/2020 (Date)

Neil McKenzie

Managing Director
